EDUCATION

Narula Institute of Technology   2022- 2025

Bachelor of Computer Application, 8.41 CGPA

West Bengal Council For Higher Secondary Education   2020- 2022

Higher Secondary, 94.42%

SKILLS

Programming Languages: Java, Javascript, HTML/CSS

Database and Language: MySQL

Technologies and Frameworks: Spring Boot, ReactJS, TailwindCSS, Docker, Redis

PROJECTS

Doodle | Spring Boot, ReactJS, Redux, TailwindCSS | GitHub | Link   **June - July 2024**
- Built a real-time, multiplayer game where 2-8 users can connect over a network to draw and guess. One player acts as the artist, sketching a concept on a shared canvas, while others try to guess it.
- Leveraged WebSockets and STOMP for seamless, real-time communication between players.
- Incorporated a timer to create a sense of urgency and encourage quick thinking. Designed a point system to reward players for correct guesses and successful drawings, fostering healthy competition.

SilentNotes | SpringBoot, ReactJS, Redux, TailwindCSS, Spring Data JPA | GitHub | Link   **July - August 2024**
- Engineered a social media platform enabling anonymous communication among college students, where students can safely express their thoughts without concern for their identity.
- Ensured authenticity by exclusively allowing authentication through college/university email ids.
- Employed Spring Boot for backend development and ReactJs for frontend development.
- Applied Tailwind CSS for seamless user interface design.

Shorty | SpringBoot, MySQL, Microservices | GitHub | Link
- Designed a scalable URL shortening system using microservices architecture.
- Developed 2 microservices one for generating unique short URLs from user-provided long URLs and the other for efficient redirection to the original long URL based on the short URL.
- Utilized OpenFeign for seamless communication between the microservices for optimal performance.

RELEVANT ACHIEVEMENTS

- **Specialist** at CodeForces. Max rating **1495**.
- **4 stars** in CodeChef. Max rating **1804**.
- Rated **Knight** at Leetcode. Max rating **2046**.
- **Ranked 98** globally in TCS Codevita season 11 round 1.
- Rewarded **Reliance Foundation Scholarship 2023**.
- Achieved a global rank of **234** competing with **18500**+ participants in LeetCode BiWeekly contest 116.
- Secured all India rank of **31** PW Skills Coding Conquest.
- Attained **45th** rank at GeeksForGeeks Career Advancement Test and got enrollment to GeeksForGeeks' DSA to Development course.
- Solved more than **2000**+ problems across platforms.(GeeksForGeeks, LeetCode, CodeForces and CodeChef)
